Mr D Neen – Learning Mentor

Bradford Parents' Forum

Please visit the site <https://pfba.org.uk> to find out about organisations in the Bradford area which can offer advice for parents and carers of children with additional needs. You can sign up to be a member and get regular news updates.

Spotlight on our Speech and Language Therapists

Here at Holybrook, we are very lucky to have a school-commissioned Speech Therapist (Seona Bailey, pictured left) who works with pupils with speech, language and communication difficulties in the mainstream school. She visits us for a day a fortnight. We also have Claire Buchanan (pictured right) who helps children in our Horizons Resourced Provision. Our therapists assess children's difficulties and then set them targets to achieve. They also offer training to our staff so we can support children as well as possible. Last week, Claire trained some teaching assistants how to use 'Blank Level Questions' to help children who find comprehension and following instructions difficult.

Millie and Amelia's independent writing in Year 6 about a dog who was a regiment's mascot during World War One.

Inclusion Newsletter Autumn 2 2022

It's nearly Christmas but our brilliant Holybrook pupils continue to work hard and demonstrate courtesy, kindness and respect. This newsletter is for you to hear about some of the ways which we help children with additional needs. We wish you a very happy and relaxing Christmas.

James and Kenny are playing the Zones of Regulation game to help them to understand how feelings can change in different situations.

Here is Nelly in Year 3 using a 100 square to learn her number bonds.

Star Children

We run a range of interventions and groups to help children at Holybrook.

Teachers feel that these children need a special mention as they have been responding so well to their additional help:

- Horizons – Ayaan is now able to regulate himself the majority of the time. He has learnt that breathing techniques help. We are so proud of him!
- Reception – Onnaleigh has passed one of her targets and is now understanding 4 key word instructions. Gracey now understands most prepositions.
- Year 1- Lyliah has worked hard to achieve all of her speech and language targets.
- Year 2 – Daniel is making good progress with his speech and language targets.
- Year 3 – Nelly has been trying extremely hard to improve her maths skills during precision teaching sessions.
- Year 4 – Neveah has been making super progress in Precision Teaching to help her with her times tables facts.
- Year 5 – Kenny is now regularly using Clicker 7 to help with his writing and using Dance Mat to improve his typing skills.
- Year 6 – Millie and Amelia for their brilliant story-writing.

Please look at our school website for lots of information about other interventions which happen in school, special needs support or how we are trying to look after children's mental health and wellbeing.
